Dear Parents,

Parent participation is a valuable part of our childcare center. We teach a valuable lesson to our children when they see us participate in support of a project or program we believe in.

We require that parents participate ten (10) hours each year or contribute a cash amount of \$100.00. Parents using only our Preschool are required to participate six (6) hours per year or contribute \$60.00.

The participation year begins in September and ends in August. Parents starting at different times during the year will have their hours prorated to August. Generally this will be one hour per month.

It is not difficult to meet the ten (10) or six (6) hour requirement. Watch for opportunities on billing forms, parent newsletters, and the parent board. We are also offering monthly parent meetings on different parenting issues that will count as one hour. A calendar of the monthly speakers will be available by the end of August.

As a not-for-profit center, we rely on fundraising in order to make needed changes in the center or classrooms. Parents will be informed what every fundraisers profit will go toward. Each fundraiser will receive one credit toward your participation hours.

Please understand that the parent participation is built into our program and is a requirement. Parents who do not fulfill their required hours will be billed \$10.00 per hour for all incomplete hours.

Postville Board of Directors

I understand that I am required to donate _____ hours of parent participation time to the center or pay \$_____. I understand that the parent participation year runs from September through August. If I have not met my volunteer hours by August 31st, I will be billed \$10.00 per hour for each hour I have not completed.
